

Medicare Part D Notice of Non-Creditable Coverage

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with **[Organization]** and prescription drug coverage available for people with Medicare. It also explains the options you have under Medicare prescription drug coverage and can help you decide whether or not you want to enroll. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. **[Organization]** has determined that the prescription drug coverage offered by **[Provider]** is considered "non-creditable." In other words, coverage provided by this Plan is, on average for all plan participants, NOT expected to pay out as much as the standard Medicare prescription drug coverage will pay. Therefore, you might want to consider enrolling in a Medicare prescription drug plan.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible for Medicare and each year from November 15th through December 31st. Beneficiaries leaving employer/union coverage may be eligible for a Special Enrollment Period to sign up for a Medicare prescription drug plan.

You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

If you decide to enroll in a Medicare prescription drug plan and drop your **[Organization]** prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back.

Please contact us for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

Your **[Provider]** Medical Plan coverage pays for other medical expenses in addition to prescription drugs. This coverage provides benefits before Medicare coverage does. You and your covered family members that choose to enroll in a Medicare prescription drug plan will be eligible to continue receiving prescription drug coverage and these other medical benefits. Medicare prescription drug coverage will be secondary for you or the covered family members that choose to enroll in a Medicare prescription drug plan.

You should also know that if you drop or lose your coverage with **[Organization]** and don't enroll in Medicare prescription drug coverage after your current coverage ends, you may pay more (a penalty) to enroll in Medicare prescription drug coverage later.

If you go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to enroll.

NOTE: You will receive this notice annually and at other times in the future such as before the next period you can enroll in Medicare prescription drug coverage, and if this coverage through **[Organization]** changes. You also may request a copy.

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans.

For more information about Medicare prescription drug plans:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number) for personalized help,
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

For people with limited income and resources, extra help paying for Medicare prescription drug coverage is available. Information about this extra help is available from the Social Security Administration on-line at www.socialsecurity.gov, or you call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this notice. If you enroll in one of the new plans approved by Medicare which offer prescription drug coverage, you may be required to provide a copy of this notice when you join to show that you are not required to pay a higher premium amount.
